

Language Arts-

This week we read the story "Working in Space" and "Space Poem". In centers this week we have been discussing what you can learn for headings and captions.

History-In History, next week we will turn our attention to Ancient Greece. This will include geography and the different facets of Greece.

Math: In math, we are learning how to Multiply and Divide. Please help your child MEMORIZE the multiplication facts 1-5. Thank you!

Science: Next week, we will turn our attention to Insects. The students will be learning about pollination, distinguishing characteristics, metamorphosis, and why some insects(ants & bees) are called Social Insects.

Upcoming Events-

May 8- SF Academy of Science-Info for drivers went home today

May 11- Vision Screening

May 16- Talent Show

May 19- "END OF THE YEAR" Class Picnic (outside on school campus)-12:00-1:30-more info to come.....
